CONTACT US NOW TO RESERVE YOUR SEASONAL CONCERT DATES!

Pacific Rim Sound specializes in live event recording of concerts, recitals, and more. Now you can capture your event with the latest in high-resolution digital recording and produce CD's for your ensemble members and fans. Our microphone placement techniques allow us to capture the best possible sound while remaining unobtrusive to your event and your audience.

Latest digital technology

We will record, edit and produce your project using the latest in high-resolution digital audio technology. Our modern workstations support digital standards up to 32 bit/96 kHz, high track counts, and are fully upgradeable to support the newest standards, including surround sound mixing and DVD-Audio.

In-house duplication

Once finished, your project can be duplicated in-house on our high-speed CD duplication and printing line. We can economically duplicate up to 250 units, including on-disc printing and full-color booklets and tray cards, to meet your needs quickly and without the hassle of outside duplication firms.

Experience that counts

In the world of audio, experience can often be the most important factor in ensuring your project's success. We have a proven track record spanning more than five years, and draw on a wealth of past experience.

You can rely on our 5+ years of experience recording concerts like yours:

- Alaska Children's Choir
- I Cantanti Chamber Choir
- Northfield Youth Choirs
- St. Olaf College Music Dept. & Summer Music Camp
- Sweet Adelines International Region 13
- and many more!

Our experience and innovation can make recording work for your group -- easily and affordably. Contact us to discover the options and reserve the dates of your upcoming concerts.

THREE EASY ORDERING OPTIONS

 make it a snap for your ensemble members, students, family, and friends to order a keep-sake CD to remember your concert or event forever.

1. Online Store

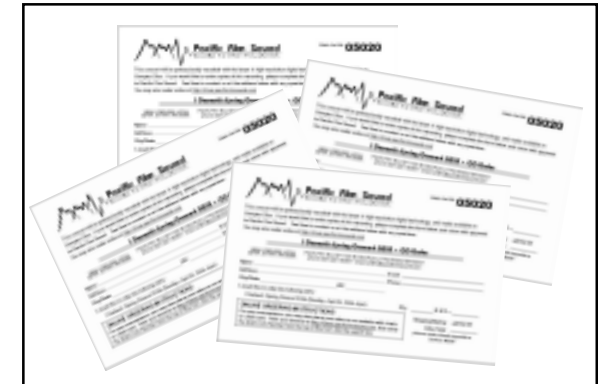

Place an order on our custom online store anytime, pay by credit card or send a check, and CD's will be shipped out as soon as they are complete. Easy and convenient, even for out-of-town family members.

< <http://store.pacifcrimsound.com> >

2. Paper Order

Complete an order form which we make available at your event, return it with cash or check payment, or mail it in later. For convenience, a link to our online store is also included.

Many groups enjoy these first options because they are completely hands-off for the ensemble leaders--we handle all the ordering, payments, packaging and mailing, eliminating the hassles and extra work that this often entails. After you agree to have us record your performance, nothing more is required.

However, if your organization would prefer to handle the details within your group and place a single mass order, we offer a third option just for you:

3. Group Order

Your ensemble coordinator can handle the orders and let us know how many CD's will be needed; the finished CD's will then be delivered to the ensemble coordinator for distribution.

Ask us about fundraising with recordings!
